JUDGE SWITZER has lately made a tour of the middle section of the county looking after the roads and bridges, and so far as the roads have been extended into the interior he reports them in fair condition. However, there are a great many parts of the county which are greatly in need of roads, and there should be some means for supplying the wants of those

If the world should be searched over we do not believe that another such a crank as Mayor Mason of the city of Portland could be found. The city council has provided a neat salary for the city officers, and the mayor, whose many is fined at \$1500.

Silvo Graham salary is fixed at \$1500 a year, refuses to accept it-not because it is too small-but because he loves "the dear people" so well that he seems deter-mined to serve as mayor without compensation. If Mayor Mason has money enough he might contribute that amount to some benevolent institution, or if, on the other hand, he doesn't consider his services worth anything he should resign and allow the city to employ a man as mayor whose services would be of par value to the city. This, we believe, is the first case of the kind on record where an officer so persistently refused to accept a salary.

was furnished by Prof. W. Holden, W. Curing Diseases by Electricity. B. Colvin and J. F. Graham.

(Oregonian October 5, 1891.) It is a positive fact that the art of curing diseases by electricity is revolutionizing the practice of medicine, as it is shown by the following testimonials that speak for themselves :

Mr. Editor: About July 25 I called on Dr. Darrin for treatment for chronic catarrh, bronchitis and constipation of ten years' standing. The discharge from my nose was very disagreeable and the incrustations were loathsome in the extreme. Dr. Darrin has cured me with electricity and medicine. I am also cured of constipation and liver complaint, I was Present when Dr. Darrin cured Rev. N. Matthias, of box. The Dalles, Or., of four years' deafness in ten minutes. P. M. GRAVES, Macksburg, Or.

(From the Staats Zeitung, Oct. 2) This noon Mr. John Bach, of 91 N. Third street, called as happy as a cricket at our office and related that he had just been cured after a treatment of 20 minutes by Dr. Darrin of deafness of two years' standing, and that he could hardly realize his good fortune. Such a patient is worth hundreds of new ones to Dr. Darrin. who has already practiced for four years with so much success in our midst.

Dr. Darrin continues to treat all classes, the rich and poor alike, free of charge, at his office, 701 Washington street, Portland, from 10 to 11 a. m., daily. Those willing to pay from 11 a. m. to 8 p. m., at half his former prices. ### Why Dr. Price's Baking Powder is Superior to all others.

No great efforts are made by other manufacturers to procure and use pure materials.

It is true that one other company has the facilities, but its greed and cupidity induced it in an evil hour to use ammonia, in order to swell its profits. Hence the Price Eaking Powder Company stands alone in its fight for a pure baking powder.

No other article of human food receives greater care in its production, or has attained higher perfection. Dr. Price's Cream is surely a perfect baking powder. Free from every taint of impurity. No other article used in the kitchen has so many steadfast friends among the housewives of America
